

EARLY YEARS CURRICULUM OVERVIEW

In Nursery and Reception we plan an exciting and creative curriculum that builds on the children's own interests and is delivered through the seven areas of learning and development, which are:-

Communication and Language

Physical Development

Personal, Social and Emotional Development

Literacy

Maths

Understanding the World

Expressive Arts and Design

We value play-based learning where children are encouraged to explore and understand themselves, others and the world around them. They have opportunities to learn both inside the classroom and outdoors in our outstanding Early Years environment.

We acknowledge that parents have an important role to play in their child's learning and offer lots of opportunities to become involved in this. Among the experiences we offer are home learning tasks, PlayClub phonics bags, Chatterbox sessions and early reading/maths sessions. We also encourage regular reading at home and know that "children who read succeed".

Our learning is underpinned by our school values "Be The Best You Can Be" and based around our three whole school themes, Stories, Past, Present and Future and The World Around Us.
