

Personal, Social & Emotional Development

We will continue to learn how to play & share together, encouraging the children to care for each other & the environment. We will encourage them to develop their independence & confidence, making the Nursery a happy place for all.

And at home please continue to help your child to be independent in dressing & using the toilet.

Physical Development

Outdoor exploration will encourage the development of gross motor skills by climbing, running, riding bikes, playing games & lots more!

Modelling, playdough, lacing, threading, painting & building with small blocks are just a few of the ways we will be helping your child develop their fine motor skills.

Communication & Language

Children love to talk! We will take every opportunity to encourage the children to talk about their interests and, of course, to listen as others share theirs.

And at home, please take the time to encourage your child to talk about their experiences & to tell them about yours!

Literacy

We will be entering a magical world of rhymes and rhyming stories!

We will be reciting well loved rhymes as well as learning some new ones along the way.

As always, the children will have opportunities to mark make for many exciting reasons!

And at home, we have attached some ideas to help when sharing books with your child.

Mathematics

There will be lots of opportunities to incorporate counting, numbers, patterns and shapes in fun ways to tie in with our carefully chosen rhymes and stories.

We will also be playing games, solving practical problems and learning some counting songs.

And remember! The world is full of numbers! Maybe you could have a number hunt on the way to/from school!

Rhyme Time

(And Christmas!)
Nursery – Autumn 2
2016

Understanding the World

The children will be encouraged to investigate & experience our wonderful world, sharing their enthusiasms with each other.

Exploring outside as "Autumn Detectives", the children will be encouraged to seek out any seasonal treasures.

And why not go out and share the magic and wonder of Autumn!

Expressive Arts & Design

The children will be given lots of exciting opportunities to experiment with a range of media this half term! Working on both a large and small scale, we will encourage the "inner artist" to emerge! As always, dressing up, role-play adventures, modelling and construction will be on offer.

And why not spend time at home getting messy with craft or entering a world of fantasy with your child!
