

SEVERE WEATHER INFORMATION

I would like to remind you of school procedures taken if it were necessary to close.

Please be assured that there are usually only 2 main reasons for school closure:-

1. Heating Failure

2. Severe weather conditions and or flooding which prevent staff from travelling to school safely. We do have a number of staff who travel a reasonable distance.

If it were necessary to close the school the local radio stations are informed. Please listen for announcements on the Beach, Heart, Radio Suffolk and Radio Norfolk.

We will also use our text messaging service. Please make sure your mobile phone numbers are current. If snow lays the car park will be closed to parents for safety precautions.

Unfortunately our school is too big to telephone parents individually and we need to keep the telephone lines clear.

Thank you for your co-operation.

Mrs C Child
Headteacher
